Dear Dr Gonzalez

### **Renewal of Accreditation following the Re-assessment Visit commencing 03 August 2009**

Following the re-assessment of your organisation, we are pleased to inform you that all improvement actions raised requiring evidence to be submitted to UKAS are now satisfactorily cleared and that your accreditation is renewed until 31/12/2013. Renewal beyond this date will be dependent upon the successful completion of a re-assessment, including clearance of any improvement actions within an agreed timescale.

Please find enclosed our estimate of the effort required to maintain your accreditation over the next four years. Any outstanding invoices for clearance of improvement actions will follow.

Your current scope of accreditation is shown on the schedule detailed below a copy of which will shortly be available from our website [www.ukas.com](http://www.ukas.com) (or [www.ukas.org](http://www.ukas.org) for laboratories). This has been revised in line with the recommendation and the modification to the HIV method which was progressed via the evidence supplied to close out LW findings. Please contact your Customer Liaison Officer in the event of any difficulty in downloading the schedule.

<b><i>Issue Number</i></b>	<b><i>Date of Issue</i></b>
5	18/12/09

Our next visit is planned for July 2010 and we will contact you nearer the time to make arrangements.

If you wish to extend your scope in the future, please contact me allowing at least three months for the process. You are reminded that you are required to inform UKAS of any changes that may affect your accreditation or compliance with the accreditation requirements.

Yours sincerely

***John Abbiss***
