**Accr No.** 2736

Dear Mr Iruegas

**Renewal of Accreditation for:**

**Standard:** ISO 15189:2007 - Medical Laboratories  
**Project Number:** 100590-03-01  
**Project Name:** 2013 - RA - Mexico - WRAP020381  
**Accr Exp Date:** 31/12/2017

Further to my letter of 09/12/2013 advising you of the temporary extension to the current period of accreditation, I am now writing to advise you that all improvement actions raised during our reassessment and requiring evidence to be submitted to UKAS are now satisfactorily cleared and your accreditation is renewed for a full four year cycle. Renewal beyond the expiry date shown above will be dependent upon the successful completion of a re-assessment, including clearance of any improvement actions within an agreed timescale.

Please find enclosed our estimate of the effort required to maintain your accreditation over the next four years. Any outstanding invoices for clearance of improvement actions will follow.

Your current scope of accreditation is shown on your schedule which is available from our website [www.ukas.com](http://www.ukas.com). Please contact your Customer Liaison Officer in the event of any difficulty in downloading the schedule.

Our next visit is planned for July 2014 and we will contact you nearer the time to make arrangements. Please note that you will have to transition to the 2012 version of ISO 15189 during this visit for accreditation to be maintained.

If you wish to extend your scope in the future, please contact our Applications Unit, allowing at least three months for the process. You are reminded that you are required to inform UKAS of any changes that may affect your accreditation or compliance with the accreditation requirements.

Yours sincerely

*John Abbiss*
