Accr No. 2736

Dear Mr Iruegas

Extension/Renewal of Accreditation for:

Standard: ISO 15189:2012 - Medical Laboratories
Project Number: 223448-00-01, 207294-03-01
Project Name: 2017 W63168 Nuevo Leon Assessment, 2017 - RA - MEXICO
Accr Exp Date: 31/12/2021

Following the extension assessment and re-assessment of your organisation, we are pleased to inform you that all improvement actions raised requiring evidence to be submitted to UKAS are now satisfactorily cleared, your extension to scope has been granted, and your accreditation is renewed. Renewal beyond the expiry date will be dependent upon the successful completion of a re-assessment, including clearance of any improvement actions within an agreed timescale.

Please find enclosed our estimate of the effort required to maintain your accreditation over the next four years. Any outstanding invoices for clearance of improvement actions will follow.

Your revised schedule of accreditation will shortly be available from our website www.ukas.com. Please contact your Customer Liaison Officer in the event of any difficulty in downloading the schedule.

Our next visit is planned for July 2018 and we will contact you nearer the time to make arrangements.

If you want to further [extend your scope](#) in the future please contact us to discuss your application and the timeframes that you need to obtain accreditation because the extension to scope process can often take several months to complete. You are reminded that you are required to inform UKAS of any changes that may affect your accreditation or compliance with the accreditation requirements.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'L. Davison', is written over a thin horizontal line.

Louise Davison, Senior Assessment Manager - Medical Laboratories
